

IT'S THE LAW...

PLEASE FOLLOW ALL WORKPLACE SAFETY GUIDELINES!

- ALWAYS wear safety glasses at all times when conducting business on machining floor. Safety glasses protect your eyes from flying debris.

- ALWAYS wear cut resistant gloves when handling objects on machining floor. Gloves help protect hands from sharp and rough objects.

- ALWAYS wear steel-toe work boots when on facility premises. Steel-toe boots help protect your feet from potential blunt force trauma.

FOLLOWING THESE SAFETY GUIDLINES WILL HELP PREVENT INJURY!
